Hi!

We're looking for young artists who would like to present their art at the lunatic Festival 2018!

What do we offer?

- A platform for you and your art and exchange with other artists
- Takeover of catering, accommodation, travel and material costs
- Personal support before, during and after the festival

Where & When?

1 - 2 June 2018

Leuphana Universität, Universitätsallee 1, 21335 Lüneburg

Who?

- For already 15 years the lunatic Festival is organised as a learning project by students. Since 2013 it is not only a music, but also an arts and culture festival. As an open space for unconventional visions the festival wants to create places of encounter and exchange about current political topics.
- We hope for a diverse program and are therefore looking forward to receiving applications from all art genres! Concerning your idea, we are interested in possibilities of participation for our visitors and in how your style could be integrated into the festival area.
